Games available on 99Shuffle

Striker: Two teams face off in an epic battle for dominance. In this game, your mission is to outscore the opposition by landing the most pucks in the highest-scoring zone. Earn extra points by strategically blocking your opponent's pucks and even knocking them off the table to seize control of scoring positions.

Path to Glory: Prepare for a shuffleboard journey like no other! Advance along the board by scoring points, but beware – the path is fraught with hazards. Land on a ladder to surge forward, or encounter a snake that will set you back. Your strategic play will determine how quickly you can climb to the top.

Shuffle Wars: Two teams, One castle, Endless glory. In this epic showdown, teams take turns sliding their pucks across the battlefield, aiming for high-scoring zones and strategic strongholds. Every shot counts as players race to rack up the most points and seize control of the castle gates. Will your team rise as the rightful rulers, or be banished beyond the moat? Only the bold will conquer the board.

Curleen: Precision is everything. Your goal is to position your pucks as close as possible to the “House” – a prized area on the table that yields the highest points at the end of the game. Secure your territory, score big, and claim victory in this competitive real estate challenge.
